Agenda Item	Minutes	<i>Actions</i>
Welcome	Welcome to the members and to the Partners and Manager.	
Matters arising from minutes of previous meeting	Minutes were read and agreed.	
Agenda		
Flu Vaccinations	Are still being done but end soon. Can go to a pharmacy to have this done	
Prescription requests and pharmacies opting out. KE asked what happens as the Chemist is no longer requesting these on behalf of the patient.	Dr CN went through this process: Pharmacies are opting out of this service and the onus has gone back to the patient to ensure that they request their medication in good time. This can be requested via patient access and the NHS app electronically which gives an audit trail. Requests made by paper have no audit trail. We can also do repeat dispensing for up to three months. However we cannot do this with controlled drugs nor on repeat prescription. However this depends on the drug. There is	

	less margin for error with electronic prescribing.	
AOB		
SF-G	SF-G informed the group that Engage-consult works very well.	
GP medical students	GP medical students: are in the surgery as we are a GP training practice. These are foundation doctors and trainees.	
There being no other business the meeting closed		
Date of next meeting:	TBA
